PROFESSIONAL INDUSTRY CHOICE.

# Welcome to

*We are dedicated to providing products for your busy kitchen that enhance the preparation, cooking and dining experience for operators and patrons.*

Winco® began in the foodservice industry with a truly unique arrival. As restaurant owners and operators based in New York City, our founders had difficulty finding quality **smallwares at reasonable prices.**

With a passion for the foodservice industry, they relied on their previous background in stainless steel distribution to offer better product solutions, for everyone. Winco's foundation is built on the idea that a smallwares and equipment suppliers must be able to **deliver quality products as well as partnership services.** These joint strengths combined with the passion for foodservice has made

Winco a leading brand in the industry.

Today, Winco is best known for **the ideal product mix**, offering exactly what restaurant operators need from front to back of the house. Our ever-growing product range, always carefully developed and curated, reflects our core vision: users deserve reliable, high-quality products without inflated pricing. Winco products are on-spec for their application, no more and certainly no less. Our quality control and consolidation centers overseas and in the U.S.A. ensure that **products live up to our promise**, while capturing the value of logistics efficiencies that we in turn pass on to our customers. Winco's team has also been awarded for some of the **best service**, delivery times and fill rates in the foodservice industry!

**For over 25 years you have allowed us to be your partner - Thank you. We look forward to continued growth together!**

The Connoisseur premium pasta baskets are made of 18/8 stainless steel that is electro-polished for added corrosion resistance. The extra-heavyweight construction stands up to the constant knocking of its edges when removing pasta. The cylindrical design allows water to flow freely for even cooking and the ergonomic handle is comfortable and has an open end for hang drying. The baskets can be used with most pasta cooker machines and standard stock pots.
